

**Information about the Department of Public Safety
Provisional Driver’s License Program**

This document is for informational purposes only and is not an official statement from the Department of Public Safety (DPS). Interested parties should inquire with DPS to be evaluated for eligibility.

Individuals who have had their license revoked or suspended for certain offenses will be able to apply for a provisional driver’s license from DPS. Approved individuals will be allowed to drive between their residence and their job, school, court-ordered treatment, child’s day care provider or school, and any place of worship. Anyone issued a provisional license will be required to pay a monthly fee of \$25, which will apply towards their outstanding driver license reinstatement fee. There is an additional \$25 fee for the license itself.

All outstanding citations, court costs, and fees to the court must be satisfied before eligibility can be established. The Provisional Driver License Program assists the applicant to pay off the reinstatement fees to the Department only.

An individual who has had their license suspended, revoked, cancelled, or denied due to being convicted of 1) vehicular manslaughter or negligent vehicular homicide; 2) driving or being in actual physical control of a motor vehicle while under the influence of alcohol, any other intoxicating substance, or a combination thereof; or 3) Implied Consent test refusal or results higher than statutory limits of the Implied Consent test, will not be eligible for the Provisional Driver License Program.

An application must be completed with a DPS Hearing Officer. Once the application has been filled out, the Hearing Officer will review the application and the driving record of the applicant to determine if the applicant is eligible.
